**APPLICANTS' SUMMARY OF PERSONAL INTERVIEW**

Dear Examiner McIntosh:

Enclosed please find an Applicants Summary of the subjects discussed in the interview with Examiners McIntosh and Jiang of 25 August 2008. Since the notice was mailed on September 3, 2008 and is being responded to within a month, it is believed that no fee or other form is required.

Applicants thank Examiners McIntosh and Dr. Jiang for the courtesy of the interview of August 25, 2008. Examiner McIntosh's summary states that the Applicants believe that the Amendment places the application in condition for allowance and the Examiner stated that the amendment would be favorably considered. Applicant Dr. John St. Cyr reviewed the prior art and pointed out that the low doses were not expected to be efficacious and surprisingly have been found to be so by the Applicants. This discovery leads directly to acceptance since previously taught dosages had severe and unacceptable side effects that prevented administration for three weeks.

Applicants and their attorneys are especially grateful for the stimulating discussion with Dr. Jiang on recent findings with more than 40,000 cardiac rehabilitation patients that may be the subject of continuing patent applications.

Applicants believe that with the current amendment and this interview summary by Applicants, the pending claims are in condition for allowance and respectfully request that a timely Notice of Allowance be issued in this case.

Respectfully submitted,

Kathleen R. Terry, Attorney for Applicants
